SERVICE TO

HUMANITY IS

THE BEST WORK

OF LIFE

**Junior Chamber International (JCI)** is a membership based nonprofit organization of young active citizens ages 18-40 in more than 100 countries that are dedicated to creating positive change in their communities. JCI Members take ownership of their communities by identifying problems and creating positive solutions to create impact. Each JCI Member shares the belief that in order to create lasting positive change, we must improve ourselves and the world around us.

**JCI Surigao Nickel** is the longest, continuous, non-partisan and non-political, civic organization in existence in the City of Surigao and the Surigao Provinces that is dedicated to creating positive change in their communities. From its modest beginnings in 1959, JCI Surigao Nickel has served the community with devotion and has kept and ember to light up a flame in every member's heart to serve with passion and dedication, and to keep the spirit of our creed and values in our minds. We endeavor to keep this mission for 60 years more and beyond.

We have made strides in delivering projects that create positive change and that have made an impact in the lives of the persons and the communities we have crossed paths with. Our efforts have been recognized as we were awarded the Best Local Organization (Cat 2) for 2019 at the Area Conference Awards; a Leadership Excellence Award for Developing our Conference Website; a Merit Award at the national level for our Fund Raising Activities and in honoring our uniformed services; and is a consistent awardee of the Platinum Seal of Efficiency for delivering sustainable impact through its programs, projects, and activities.

**Project Pagsubay** formally started when Batch "Pandemials" of JCI Surigao Nickel had a strategic meeting for a batch project as a requirement to become a regular member of the said organization. Among the best 12 advocacies, one (1) outshined them all, thus the birth of Project Pagsubay. The team, elucidated to the beneficiaries, to the teachers, and to JCI Surigao Nickel members the importance of this tracing worksheet for day-care center pupils which is under the supervision of the Department of Social Welfare and Development (DSWD) and Local Government Units (LGU).

**Project Pagsubay** "Giya sa kaugmaon sa mga bata" or **Project Trace** "Guidance for the Children's Future" is a program that aims to provide preschool worksheets to help build a strong foundation of literacy skills efficiently with teachers and parents intervention, thus increasing students learning capacity with more activities.

Highlighting the last line of JCI Values "service to humanity is the best work of life", JCI movement created the domino effect of positive impact among the communities of Surigao del Norte. Our prayer as an organization is that "May the Lord guide us always in all our undertakings."
